

Audit Application For Large Accounting Firms

CASE STUDY

INDUSTRY | FINANCIAL SERVICES

The client was one of the big 4 auditing firms stationed in more than 50 countries worldwide.

CHALLENGE

To develop a comprehensive application that analyzes data and automates audit processes that can be deployed at any of their centers.

SOLUTION

We developed an electronic audit application that supported the formation of a global delivery center. The application is currently deployed in more than 50 countries, and the overall project is valued at around \$22 million.

IMPACT

Millennium helped the client in creating a system that automated audit processes and procedures and allowed global deployment at any of their centres with unit-level customization.
